SORBIFY

ABSORBENT

SORBIFY ABSORBENT USE CASE

Odor binder

Vomit, secretion stains, blood stains, binds odors to the absorbent.

Fast reaction time

liquid absorbent that quickly absorbs "damages" such as urine, vomit, blood, soft drinks.

Easy and non-toxic

Does not clump, can be stored outside. Non-toxic, non-flammable. Also works with non-aqueous liquids.

ABOUT SORBIFY

SORBIFY absorbent is a leading technology with capabilities of absorbing liquids nearly it's own volume and multiple times it's own weight.

Practical and easy to use; sprinkle the substance, let it take effect, remove with a brush and a dustpan. Does not leave stains, can be used on all surfaces. Absorbs even oil, leaving no slippery surfaces. Completely biodegradable.

COMPANY DESCRIPTION

Our company is a manufacturer of IT-Solutions for the Healthcare market. Our engineers have more than 20 years of knowledge in the Medical industry and they are specialized in developing safe systems for the Patient Environment.

Our new area of development includes Absorbent technology for demanding hospital environments.
